Pearl Winterburn's Funeral & the Continuing Work in Tchabi.

PRAYER & PRAISE JUNE 9, 2014

Dear saints:

Our sister Pearl has been with our Lord for 6 weeks now. Imagine how happy "our Pearl" is now!

In her home town assembly in North Bay, we did enjoy a precious time at her memorial service on May 15th. Pearl had a friend in Dr. Cynthia Bullen, "that lit up Pearl's room" as she visited her adopted mother. Cynthia spoke of her special relationship with Pearl & how that affected Cynthia's life. Our elders, Ken Ferron & Randy Bushey both described Pearl's life from a spiritual & physical perspective.

The chapel was full & we then drove to the Forest Lawn cemetery in the rain about 6 km distant. It poured on the way up there but dropped to a shower when we assembled at the tombstone for the committal service.

Then we drove back to the chapel for refreshments & fellowship. Pearl's up to date book collection was on display as well as some other wall pictures, plaques, African figurines. Anyone was free to take a memento of Pearl from her personal display.

We were very fortunate to have saints travel from Southern Ont. Drs. Philip & Nancy Woods, just back 2 weeks from Nyankunde, gave a personal testimony to the value in the work God permitted

Pearl to achieve in the Tchabi area. They stated that Pearl developed many assemblies in the Tchabi area & in terms of numbers no one did that better than our sister. Pearl was also very well respected in her medical knowledge & experience in the hospital at Tchabi. Visiting doctors from abroad would often seek her advice on maladies they were not familiar with.

Our sister Pearl always expected to live out her life in Africa & she had planted a special tree at Tchabi for her burial site. This fact is well known at Tchabi & everyone knows the spot she chose. Thru the process of cremation, we were able to accomplish this.

Val & Marg drove to Dubuque in Iowa, USA in order to meet our brother Dr. Katho, May 26th & pass along some of Pearl's ashes. Brother Katho was attending an Emmaus conference at the Bible School there. He arrived in Bunia today & her ashes will be taken to Tchabi for burial. We have been made aware of the huge desire of the saints in Tchabi to be able to bury their own missionary on the mission station. This will be a special occasion to have Pearl back in this way for burial. They expect 500 from the Tchabi area alone with many others coming from around that area of DRC.

Brother Katho states that "he is aware of our responsibility to continue with what Pearl started here".

To this end, we have seen our Lord provide financially for the replacement truck, replacement computer, replacement cell phone & 10 more sewing machines, & supply needed staff in the driver /mechanic & his wife recently moved from Nyankunde to Tchabi. Both of them are a large help in the spiritual work of the Tchabi assembly. Brother Beli has proven himself to be a capable servant of the Lord as he leads the Tchabi assembly.

Pearl became very concerned around Christmas time that the work would carry on after her passing. **Missionary Service Committee in Toronto have kindly offered to maintain the conduit we now use to transfer funds to Tchabi. We invite all those who have an interest in reaching the lost in the Tchabi area to continue supporting that work. All donations for Pearl, sister Joici, brother Beli & brother Katho may be sent to MSC & CMML as in the past.**

It is my desire to issue regular bulletins to keep everyone informed of the status of the Tchabi assembly & acknowledge all gifts of financial support. This was Pearl's desire also as she recently saw many new saints interested in the gospel presentation in the Tchabi area.

God has called us to be "workers together"....let us carry on!

Psyching Out the Evangelical Church

Call Number: DVD.S1

In the last fifty years multitudes of Christian leaders have added clinical counseling degrees to their theological credentials. Psychological theories have been preached so often and from so many pulpits that they are accepted without question by increasing numbers of Christians as biblical doctrines. The Christian church in the United States has become a major referral service for clinical psychologists and psychiatrists. The critical question raised by these developments is: Why? Is the Bible not sufficient? Has the Body of Christ been ill-equipped for ministering to the mental, emotional and spiritual needs of Christians? Or has the church been intimidated and "psyched out" by the pseudoscience of psychotherapy? T. A. McMahon takes these issues head-on, and you will be shocked, informed, and edified by what he has to say (thebereancall.org).

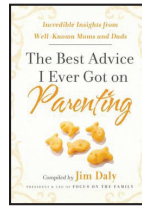

Psychology and the Church

Call Number: DVD.S2

For nearly two thousand years prior to the rise of modern psychiatry and psychotherapy, the church has ministered to believers experiencing mental, emotional, and behavioral problems by using the teachings of the Scriptures and in the power of the Holy Spirit.

Contemporary Christianity's embrace of psychology, then, raises an important question: Was there an insufficiency on the part of God's Word and His Holy Spirit during those two millennia that made it necessary for the church to turn to modern psychotherapy in order to more effectively address a Christian's problems of living?

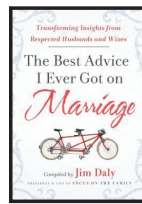

Crucial answers to that question will be the focus of this program, as we consider the influence of psychological counseling upon the church. In the history of contemporary Christendom, no secular enterprise has had such a profound influence on Christianity as has psychological counseling. The critical question raised by these developments is: Have they been helpful or harmful to the body of Christ? This powerful presentation exposes the roots—and results—of Christianity's embrace of the beliefs of Freud, Jung, Rogers, Maslow, and others (www.thebereancall.org).

Man Ought Always To Pray

Always does not mean that we are to neglect the ordinary duties of life; what it means is that the soul which has come into intimate contact with God in the silence of the prayer chamber is never out of conscious touch with the Father, that the heart is always going out to Him in loving communion, and that the moment the mind is released from the task upon which it is engaged it returns as naturally to God as the bird does to its nest. What a beautiful concept of prayer we get if we regard it in this light, if we view it as a constant fellowship, and unbroken audience with the King. Prayer then looses every vestige of dread which it may once have possessed; we regard it no longer as a duty which must be performed, but rather as a privilege which is to be enjoyed, a rare delight that is always revealing some new beauty.
